**2008 XV19CU**

**⚠ WARNING**

Please read and understand these instructions completely before installation to avoid possible injury to yourself, or damage to the accessory or vehicle.

**CAUTION:**

- This installation should be performed by an authorized Star dealer or a qualified mechanic. Some components require information from the model's service manual for proper installation or adjustment. Be sure to have the service manual on hand, if necessary, before proceeding with the installation.
- Alteration of emission-related components constitutes tampering under Federal and State laws and can lead to substantial fines and penalties if used other than in closed-course competition.
- Engine-related competition parts are intended for closed-course racing applications only.

**DEALER:**

These instructions contain important information for future reference and *must* be given to the customer.

**WARRANTY INFORMATION:**

- Genuine Star Accessories are covered by a 90-day warranty against defects in material or workmanship. Labor for replacement of defective components is not covered. See your Yamaha dealer for a copy of the warranty statement.
- The Limited Warranty provided with new Star vehicles has exclusions for certain failures, including those caused by competition or racing use as well as by abnormal strain or abuse. While installation of these components will not "void" your vehicle's warranty, specific failures adjudged by Yamaha to have resulted from the installation of accessory components or other modifications, or from competition use, may not be covered by warranty or Yamaha Extended Service for Star motorcycles.
