ZUMA 50

⚠ WARNING

Please read and understand these instructions completely before installation to avoid possible injury to yourself or damage to the accessory or vehicle.

DEALER:

These instructions contain important information for future reference and *must* be given to the customer.

WARRANTY INFORMATION:

- Genuine Yamaha components are covered by a one year limited warranty against defects in material or workmanship. Labor for replacement of defective components is not covered. See your Yamaha dealer for a copy of the warranty statement.
- The Limited Warranty provided with new Yamaha vehicles has exclusions for certain failures, including those caused by competition or racing use (except YZ and WR motorcycle models) as well as by abnormal strain or abuse. While installation of these components will not “void” your vehicle’s warranty, specific failures adjudged by Yamaha to have resulted from the installation of accessory components or other modifications, or from competition use (except YZ and WR motorcycle models), may not be covered by warranty or Yamaha Extended Service.

PREPARATION:

1. Place motorcycle on a secure and level surface.
2. Clean all mounting surfaces before beginning installation.

INSTALLATION:

⚠WARNING

Do not install cover until the vehicle has cooled to the touch. Hot engine or exhaust parts could cause burns or damage to the cover. Keep the cover away from an open flame or any other source of ignition.

Do not use motorcycle cover in high wind areas as the cover can cause the motorcycle to tip over.

1. If the vehicle will not be operated for an extended period of time, be sure to take appropriate storage measures.
2. Install the cover ① over the vehicle making certain that the "ZUMA" logo is located towards the front of motorcycle, as shown in Figure 1. Make sure the cover is pulled down far enough to cover the brake rotors.

3. Be sure that the heat-resistant double lined section covers the muffler area. **NOTE: The loops located on the bottom perimeter of the motorcycle cover allow the user to secure a cable lock to the motorcycle.**

CARE AND CLEANING:

Hand wash using a mild soap and water solution. Hang to dry.
